THEOLIA announces commissioning of a 8 MW wind farm in France

THEOLIA announces the industrial commissioning of *Centrale Eolienne de Sallen* in Calvados, Normandy.

THEOLIA, via its subsidiary Ventura, initiated development of this project in March 2002. The building permit was filed in June 2004, granted in July 2005 and construction began in December 2007.

The wind farm, entirely developed by the Group, consists of four Enercon wind turbines for a total installed capacity of 8 MW. The expected annual electricity production of this wind farm is 17.5 million kWh per year. The electricity produced from this plant will benefit from the fixed feed-in tariff recently reinstated in France.

About THEOLIA

THEOLIA is a leading European producer of electricity from wind energy. THEOLIA is active in France, Germany, Spain, Greece, Italy, India, South America, some East European countries and Morocco. THEOLIA trades on the compartment B of Euronext Paris, regulated market of NYSE Euronext, under the symbol TEO. The stock is in the SBF 120, NEXT 150 and CAC MID100 indices.
