

Press Release

Large and Midcap Event 2-3 October 2014 in Paris

Libourne – 29 September 2014 – Fermentalg, an industrial biotechnology company that specializes in the production of oils and proteins derived from microalgae, has announced that it will be taking part in the 14th edition of the Large & Midcap Event. The 2 days of meetings between companies listed on Euronext and institutional investors will take place from 2 to 3 October at the Palais Brongniart conference center in Paris.

Six months after its IPO on the Paris Bourse, Fermentalg will be reviewing the considerable scientific, financial and industrial headway to date and its strategy to conquer the microalgae market.

About Fermentalg

Founded in 2009 by Pierre Calleja, Fermentalg is an industrial biotechnology company that specializes in producing sustainable oils and proteins derived from the exceptional properties of microalgae. Its patented technology allows it to target a range of fast-growing global markets, from nutrition and animal feed to cosmetics and health, green chemistry and energy. Fermentalg has already signed its 1st industrial and commercial joint-venture for the production of Omega-3 oils rich in EPA and DHA as well as several other partnerships with leading industrial groups. Fermentalg shares are listed on Euronext in Paris (FR0011271600 - FALG). For more information, visit the Fermentalg website at: www.fermentalg.com.
