About ATEME

ATEME, a technology leader in video compression, provides content providers and service providers with innovative software encoding and decoding solutions for video delivery. The company's technological edge means clients benefit from outstanding image quality whilst reducing their bandwidth consumption.

Drawing on over 10 years of proprietary R&D, ATEME was a key contributor in the launch of HEVC (High Efficiency Video Coding), the new standard in video compression whose generalized application offers excellent growth potential for the Group.

With a commercial presence in 14 countries, ATEME employs 170 members of staff, including 70 R&D employees in France, and served close to 300 clients around the world in 2015. The Group posted revenues of €28.6 million in 2015, 88% of which was realized overseas.
