WALLIX JOINS THE ENTERNEXT® PEA-PME 150 INDEX

WALLIX GROUP, a software company providing cyber security and governance solutions for information systems access, has been selected by Euronext to be included in the Enternext® PEA-PME 150 index.

The index consists of 150 French companies listed on the Euronext or Euronext Growth markets in Paris; all count among the 80% most liquid shares eligible for PEA-PME accounts. The component companies are ranked by free-float market capitalization and each company's weighting is capped at 2.5%, with a 20% limit per sector. The index is reviewed once a year and the weighting is updated each quarter.

“Cyber security is a thriving sector with a growing audience, because digital technology is impacting all of our lives. The Company's visibility will increase as a result of being added to the Enternext index, whose sectoral diversity provides investors with a benchmark for France's top listed small and midcap companies in terms of share liquidity. For WALLIX, giving the greatest number of people the opportunity to invest in this promising sector is equally important as joining the ranks of the Paris stock exchange's leading midcaps,” said Jean-Noël de Galzain, Chairman of the WALLIX GROUP Management Board.

**WALLIX GROUP participate in the 17th Large & Midcap Event
on October 4 and 5 at the Palais Brongniart in Paris.**

ABOUT WALLIX

A software company providing cyber security solutions, WALLIX Group is the European specialist in privileged account governance.

In response to recent regulatory change (NIS/GDPR in Europe and OVIs in France) and the cyber security threats affecting all companies today, the WALLIX ADMINBASTION Suite (or Bastion Suite) helps users protect their critical IT assets: data, servers, terminals and connected objects. The suite is the first market solution to have been awarded first-level security certification (CSPN) by France's National Cybersecurity Agency (ANSSI) and thus meet all of the criteria for regulatory compliance.

WALLIX accompanies nearly 500 companies and organizations on a day-to-day basis, securing the access to more than 100,000 hardware and software resources. Its solutions are marketed through a network of more than 90 resellers and trained and accredited integrators. Listed on Euronext under the code ALLIX, WALLIX Group is a leader on the PAM market with a strong presence throughout Europe and EMEA. Alain Afflelou, Dassault Aviation, Gulf Air, Maroc Telecom, McDonald's, Michelin, and PSA Peugeot-Citroën trust WALLIX to secure their information systems.

WALLIX AdminBastion Suite was a winner at the 2016 Computing Security Awards and has been rated Best Buy by SC Magazine, as well as being named among the PAM leaders in the Product and Innovation categories in the KuppingerCole 2017 Leadership Compass report. The company is a member of Bpifrance Excellence, a champion of the Pôle Systematic Paris Region cluster and a founding member of the Hexatrust grouping of cyber security companies. In 2017, WALLIX GROUP was included in Forbes France's Futur40 ranking of fastest-growing listed companies.
