Fermentalg shares eligible for “long-only” SRD from 27 December 2017

Libourne – 12 December 2017 – Fermentalg (Euronext – FALG), French leader in microalgae for nutrition and health, has announced that its shares will be eligible for Euronext Paris’ “long-only” Deferred Settlement Service (SRD) starting on 27 December 2017.

The “long-only” SRD is a mechanism that allows buy-side investors to take long positions on a list of eligible securities while only providing partial payment up front. The financial intermediary covers the balance of the investor’s position until the end of the month.

To be eligible for the “long-only” SRD, securities must be listed on Euronext Paris and have daily trading volumes of at least €100,000.

According to Euronext statistics, the average daily trading volume for Fermentalg shares has exceeded €117,000 since the start of 2017, up nearly 90% from €62,000 in the prior-year period.

Becoming eligible for the “long-only” SRD will help increase the visibility and appeal of Fermentalg shares in the financial community.
