## New sale of a large parts metal 3D printer

Prodways Group, through its Prodways RAF subsidiary dedicated to the Rapid Additive Forging technology for the 3D printing of large metal parts, just sold its second machine.

This metal deposition machine is capable of 3D printing various metals, notably steel, and large parts of main dimension up to 2 meters. This machine was sold to a tier one research institute and will be delivered in 2019.

This large parts 3D printers typically have a selling price between €500,000 to €1,000,000 depending on the options and the metal used.

Meanwhile, Prodways Group has, in recent months, recorded new sales of 3D-printed testing parts to customers in the defense and nuclear sectors interested in testing the Rapid Additive Forging technology.

### Next financial release

Publication of full-year revenue on February 27, 2019.

## About Prodways Group

PRODWAYS GROUP is a specialist in industrial and professional 3D printing with a unique positioning as an integrated European player. The group has developed right across the 3D printing value chain (software, machines, materials, parts & services) with a high value added technological industrial solution. PRODWAYS GROUP offers a wide range of 3D printing systems and premium composite, hybrid and powder materials (SYSTEMS division). The company also manufactures and markets parts on demand, prototypes and small production run 3D printed items in plastic and metal (PRODUCTS division). The Group targets a significant number of sectors, from aeronautics to healthcare.

In 2017, the company generated revenue of €34.8 million, including close to 40% outside of France. Building on revolutionary and proprietary technology, MOVINGLight®, PRODWAYS GROUP today has global visibility in the industrial 3D printing sector and with leading customers.

PRODWAYS GROUP is a Groupe Gorgé company.
