APPENDIX A - PRINCIPAL RISKS AND UNCERTAINTIES

Our approach to risk

Our decisions are informed by an understanding of the risks we face as a business. Through our enterprise wide risk management programme, we identify, measure and manage risk, and embed a strong risk culture across our business.

CCEP's risk management framework looks at both risks we face and how we capitalise on opportunities we have.

Since the creation of CCEP, we have continually matured our risk management capabilities through seamless collaboration across the business. This has resulted in the creation of the one risk office, which helps us to manage risks and respond rapidly through established processes like incident management, business continuity plans and risk transfer mechanisms.

During the COVID-19 pandemic, the framework allowed us to respond rapidly to a fast changing environment. As a result, we were able to capture learnings and developed a comprehensive pandemic handbook that allowed us to respond well to the second wave and ensure that the impacts from COVID-19 were minimised. We are leveraging learnings from the current situation to further strengthen our risk management framework and prepare ourselves even better for future challenges.

The risk and internal control systems have continually improved since CCEP was created and are developed to address the changing risk environment and to adopt best practice in how to manage them.

Measuring and managing risk

The Directors have carried out a robust assessment of these principal risks.

The following is a summary of the Group's Principal Risks that are included in the 2020 Integrated Report and Form 20-F, however, this summary is not intended to include all risks that could ultimately impact our business and is presented in no particular order:

- Business continuity and resilience
- Packaging
- Cyber and social engineering attacks and IT infrastructure
- Economic and political conditions
- Market
- Legal, regulatory and tax change
- Climate change and water
- Perceived health impact of our beverages and ingredients, and changing consumer buying trends
- Competitiveness, business transformation and integration
- People and wellbeing
- Relationships with The Coca-Cola Company and other franchisors
- Product quality

For further details about our principal risks and uncertainties please refer to pages 44 to 50 of the 2020 Integrated Report and Form 20-F.

APPENDIX B - RELATED PARTY TRANSACTIONS

Details regarding related party transactions can be found in Note 19 of the Notes to the Consolidated Financial Statements on pages 160 to 162 of the 2020 Integrated Report and Form 20-F.

APPENDIX C - DIRECTORS' RESPONSIBILITIES STATEMENT

(page 111 of the 2020 Integrated Report and Form 20-F)

Responsibility for preparing financial statements

The Directors are responsible for preparing the Integrated Report and the financial statements in accordance with applicable United Kingdom (UK) law and regulations.

UK company law requires the Directors to prepare financial statements for each financial year. Under that law, the Directors have prepared group and parent company financial statements in accordance with international accounting standards, in conformity with the Companies Act 2006 (Companies Act). They have elected to prepare the parent company financial statements in accordance with International Financial Reporting Standards (IFRS) in conformity with the Companies Act. Under the Disclosure Guidance and Transparency Rules, group financial statements are required to be prepared in accordance with IFRS adopted pursuant to Regulation (EC) No 1606/2002 as it applies in the European Union.

Under section 393 of the Companies Act, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the Group and of the profit or loss of the Company and of the Group for that period.

In preparing the Company financial statements, the Directors are required to:

- Select suitable accounting policies and apply them consistently
- Make judgements and accounting estimates that are reasonable and prudent
- Follow applicable international accounting standards in conformity with the requirements of the Companies Act (except where any departures from this requirement are explained in the notes to the company financial statements)
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

In preparing the Group financial statements the Directors are required to:

- Select suitable accounting policies and apply them consistently
- State whether international accounting standards in conformity with the requirements of the Companies Act (and IFRS adopted pursuant to Regulation (EC) No 1606/2002 as it applies in the European Union) have been followed, subject to any material departures disclosed and explained in the financial statements
- Present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information
- Provide additional disclosures when compliance with the specific requirements in IFRS are insufficient to enable users to understand the impact of particular transactions, other events and conditions on the entity's financial performance
- Make an assessment of the Group's ability to continue as a going concern

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act. They are responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

They are also responsible for the maintenance and integrity of the corporate and financial information included on the Company's website.

Legislation, regulation and practice in the UK governing the preparation and dissemination of financial statements may differ from legislation, regulation and practice in other jurisdictions.

Responsibility statement

The Directors, whose names and functions are set out on pages 66-70, confirm that to the best of their knowledge:

- The consolidated financial statements, prepared in accordance with international accounting standards in conformity with the requirements of the Companies Act (and IFRS adopted pursuant to Regulation(EC) No 1606/2002 as it applies in the European Union) give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company and the undertakings included in the consolidation taken as a whole
- The management report includes a fair review of the development and performance of the business and the position of the Company and the undertakings included in the consolidation taken as a whole, together with a description of the principal risks and uncertainties they face
- The Integrated Report and financial statements, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholders to assess the Company's position and performance, business model and strategy
