The delivery of the shopping center is scheduled for the 2nd half of 2023. The completion of the site's preparation and the construction work have been assigned to the COLAS group.

This large-scale operation is fully in line with the Group's strategy to increase its ownership of tertiary assets.

The creation of the equipment is financed by the Banque des Territoires and the Agence Française de Développement (French Development Agency, AFD), in equal shares.

Marketed to date at 79% of the total surface area, the commercial package will include:

- A shopping center of 61,354 sq ft net usable area, including:
 - A Carrefour supermarket on 20,667 sq ft
 - A Mr. Bricolage store on 12,917 sq ft

 - A shopping gallery of 17 shops on 15,069 sq ft
- A sales counter and its 10,280 sq ft of warehouse for the Cananga group, under the Distrimax brand

Located in the town of Combani, the future equipment will benefit from a strategic central position on the island. At the crossroads of departmental roads linking the North, South and West of the territory, the new center satisfies the need of commercial equipment in the area.

In continuity with the shopping center, CBo Territoria also owns 215,278 sq ft of land, which has been granted a development permit and on which real estate projects in the Land and Promotion sectors will be developed, in particular to meet the needs of local institutional stakeholders.

Mayotte, French department since 2011, supported by a government plan of €1,3 billion, is a territory well known by CBo Territoria.
