

Press release

Amoéba: Publication of the half-year financial report at 30 June 2024

Chassieu (France), October 7, 2024, – 5:45pm - Amoéba (FR0011051598 - ALMIB), an industrial greentech specialising in the development of natural microbiological solutions based on the patented use of amoebae, announces the publication of its half-year financial report for 2024.

The half-year financial report to 30 June 2024 can be consulted on the company's website at <https://amoeba-nature.com/> in the "Investor" / "Financial documents" / "Half-year financial report" / "2024" section.

Next institutional investor event: Biotech & Healthcare Seminar organised by Portzamparc BNP Paribas on 9 October 2024

About Amoéba:

Founded in 2010, Amoéba is a greentech based in Chassieu (Lyon, France) with the ambition to become a major player for the treatment of microbiological risk in the crop protection and cosmetic sectors.

Based on the natural properties of a unique, exclusively patented, microorganism, the only one of its kind in the world, our biological solutions offer a viable alternative to the chemical products that are widely used in the industry today. Amoéba is currently focused on the global biocontrol market for plant protection and the cosmetics market. As the market release of phytosanitary products is subject to local regulatory approvals, the Company has completed the regulatory processes required and in 2022 obtained approval for its active substance in the United States and its recommendation for approval in Europe, issued by the Austrian authority. As the cosmetic application does not require prior approval from a relevant authority in Europe and the United States, the party responsible for bringing the formulated cosmetic product to market must carry out a self-assessment of its safety.

Amoéba is listed on Euronext Growth. The Company is a member of the BPI Excellence network and is eligible for the PEA-PME scheme. For more information, please visit www.amoeba-nature.com.
