

Press release

Indigo & Patria complete the business combination of their car parking activities in Brazil

Indigo Group, the global car parking and individual mobility operator, and Patria Investments, leader in alternative investments focused on Latin America, completed on August 31st, 2022 the combination of PareBem, the subsidiary of an investment fund managed by Patria Investments, and Administradora Geral de Estacionamento, Indigo Group's Brazilian car parking subsidiary, following the approval of the transaction by the Brazilian anti-trust authority. Through a limited cash-out, Indigo Group holds a controlling stake of c.55% in the combined entity, the remainder of which will be owned by the investment fund managed by Patria Investments.

With this complementary combination of the number 2 and number 3 car parking players, Indigo Group continues to pursue its growth strategy in its core business in Brazil, enriching its portfolio of long-term contracts by expanding its geographical presence in Sao Paulo, Porto Alegre, Rio de Janeiro, Fortaleza and Curitiba and integrating on-street parking services. The combined entity will operate the car parks under the INDIGO brand and will be more competitive in the various local markets.

Building on its established relationship with local clients, PareBem operates in Brazil around 150 car parks, while Administradora Geral de Estacionamento operates around 200 car parks. The new entity manages around 330,000 spaces, making it one of the leaders in the highly promising Brazilian market for individual mobility.

The combined entity brings its clients reinforced expertise in parking operation, digital channels, customer experience, and commitment to operational excellence and improved efficiency by creating significant synergies, with the ambition of promoting new services within its parking infrastructures to accompany its customers towards "smart mobility".

Indigo Group financed the cash outflow required for this transaction with its current liquidity of 480 million euros¹ as of June 30th, 2022 (including 180 million euros of cash¹, as well as 300 million euros of undrawn RCF maturing in October 2027).

As set out in its strategic plan, Indigo Group confirms its positioning as a key partner of the public and private sectors for car parking and individual mobility solutions, as well as its solid and profitable growth strategy in *infra* countries where it holds a significant position, in the long term and with the intention to maintain its *Investment Grade* rating, while pursuing its innovation and quality policy focused on its customers.
