ROBERTET AND OMEGA INGREDIENTS

Grasse, April 29th, 2022

Robertet is pleased to announce the acquisition of Omega Ingredients.

Omega Ingredients is a company based in the UK specializing in the creation of the highest quality, provenance driven, natural flavors & ingredients for the food & beverage industry. This investment reaffirms the Robertet Group's determination to strengthen its leadership in natural flavor solutions by reinforcing its presence in the UK market. It will also create new synergies within the group to better address new emerging customers clearly identified for future growth. Omega ingredients will benefit from Robertet's expertise and creativity in naturals, to enhance all the values that made Omega so unique and successful.

Olivier Maubert, Head of Flavor and Health&Beauty Divisions, Robertet says: « *We are proud to welcome Omega Ingredients into the Robertet family. We share the same passion for natural products with a common concern for the future of the planet. Omega will add their unique approach complementing the creativity of Robertet. We are impressed by the motivation and dedication of their team, very aligned with the original values of Robertet. This acquisition will help consolidate our leadership in natural flavors and strengthen the group's position in the UK and in other markets where Omega has a good presence.* »

Steve Pearce, founder and CEO, Omega Ingredients comments: « *Omega Ingredients is excited to begin the next chapter of its history as part of the Robertet Group. We share the same passion for naturals and products of excellence, the same vision with our CSR policies and of a strongly integrated sourcing of natural flavors and extracts. We are looking forward to contributing to Robertet's vision and growth.* »

About Robertet:

ROBERTET S.A. was founded in 1850 in Grasse, France and is the worldwide leader in Naturals. Robertet is the only fragrance, flavor and ingredient company fully integrated at each step of the creation process, from the source of the ingredient to the final product.
