

WALLIX NAMED A LEADER IN THE 2022 MAGIC QUADRANT™ FOR PRIVILEGED ACCESS MANAGEMENT

Recognized for Completeness of Vision and Ability to Execute

Paris, July 25th – [WALLIX](#), (Euronext ALLIX) a European cybersecurity software publisher and expert in access and identity solutions, today announced that **WALLIX** has been positioned by Gartner® as a Leader in the Magic Quadrant™ for Privileged Access Management. The evaluation was based on specific criteria that analyzed the company’s overall completeness of vision and ability to execute.

PAM4ALL Vision

WALLIX is executing its PAM4ALL (“PAM for all”) vision which consists of delivering the promise of a secure digital transformation for everyone. It is particularly addressing the new digital challenges, such as the risks related to the democratisation of remote and hybrid work, the growing adoption of cloud services, the development of Smart Cities, and the automation in industrial environments and financial services.

To achieve this vision, WALLIX has introduced PAM4ALL, a unified solution combining all WALLIX technologies that goes beyond securing privileged accounts. PAM4ALL secures all exposed users and endpoints according to the principle of least privilege.

WALLIX PAM4ALL delivers value for all verticals and especially the most critical ones like Industry.

As per Gartner®, “PAM Leaders deliver a comprehensive toolset for administration of privileged access. These vendors have successfully built a significant installed customer base and revenue stream and have high viability ratings and robust revenue growth. Leaders also show evidence of superior vision and execution for anticipated requirements related to technology, methodology or means of delivery. Leaders typically demonstrate customer satisfaction with PAM capabilities and/or related service and support.”

2022 Magic Quadrant™ for Privileged Access Management

Magic Quadrant™ reports are a culmination of rigorous, fact-based research in specific markets, providing a wide-angle view of the relative positions of the providers in markets where growth is high and provider differentiation is distinct.
